Subject: Arbonne before and after feet

Hi Everyone,
Look at this photo!!!! Arbonne works!!!!

This is a new Arbonne Business Builder who was so skeptical that these products were no different than anything else on the market. She chose to use the RE9 body serum and lotion on one foot for 2 weeks. She has tried everything, including prescriptive lotions and creams.

Do you know anyone like this???? Introduce them to Arbonne.
This revolutionary system is truly making a difference in people's lives.

The system is only two simple steps:
1st apply the Body Serum to your targeted areas
2nd apply the Body Lotion over top...you will be so happy with the results.

This system retails for \$85...but I can show you how to get it for **\$20!**
